A Season in the Congo; Too Clever By Half - review ...

A Season in the Congo has just two more weeks to run at the Young Vic here in London.* This is the first English production of Aimé Césaire's play about Patrice Lumumba, and his overthrow and murder in 1960. Though it was written before I was born, it deals with issues such as economic colonialism and regime change which feel just as contemporary and relevant today.

Watching the production of Aimé Césaire's 'A Season in the Congo' (Une Saison au Congo) at the Young Vic theatre in London, I couldn't stop thinking of Brecht. This incredibly rich, subtle and moving play depicts the last couple of years of the life of Patrice Lumumba; mostly concentrating on his short time as Prime Minister and the circumstances (much disputed) leading to his death.

The Congo rainforest's dry season is seeing changes at both ends of the boreal summer from June through August. Droughts between April and June are causing the dry season to start sooner. And without a replenishment of soil moisture, the dry season is ending later, which postpones the start of the next wet season and hinders vegetation regrowth.
