Product Support | Acer United States

I purchased an Acer Iconia Tab A500 second hand and it was working fine for the previous owner. He did a factory reset before giving it to me. When I try to access some (most) websites, I get a Connection Problem pop up that says "a secure connection could not be established." I can use Google, and get search results, but when I click on the webpage that I want to open, I get the ...
