### Early Modern World History Workbook

Welcome to all our interviews and book recommendations on 'early modern history,' a period defined, at Five Books, as starting with the Renaissance and ending with the French Revolution. This was a transformative period in history—an era that saw the bloodshed of the Reformation and the religious wars but also the huge advances of the scientific revolution and the Enlightenment.

It should be possible, then, to write a world history of the early modern period from the perspective he furnishes. What is appealing about Goldstone's ideas is, first, they are not deterministic. Population growth or decline works itself out in this period in many different ways depending on the institutional structure and broad cultural background of the area in question.
