### Videos - Safety Differently

The safety differently approach looks to encourage more of the ground level staff to take on ownership of the safety processes in an organisation. Part of this stems from human psychology. A lot of research discusses the poor impact negative reinforcement has on workers in both a health and safety and a wider organisational context.

### What are the fundamental principles behind Safety Differently?

Safety Differently is the name given to a movement within the safety industry that challenges organisations to view three key areas of their business differently – how safety is defined, the role of people, and the focus of the business.

### Safety Differently - myosh

Safety has traditionally focused on preventing unwanted outcomes through constraining people and process, however, this approach can also result in a range of unintended and unhelpful side effects, according to a "safety differently" expert. While 'safety by constraint' can produce some improvements, side effects can include reactive management, diminished performance,

### Safety differently: a 3-step approach to enabling safety ...

Hi Heather A thoughtful piece indeed. Your statement " behavioural based safety tries to alter behaviour to fit the system, whereas Safety Differently creates the system around the behaviour." is so accurate and gets to the heart of the 'reciprocal' safety culture model I have previously described since the mid 1990's.

### Is Safety Differently REALLY all that different?

In this remarkable documentary, you can follow Kym Bancroft and Sidney Dekker in one organization's successful adoption and implementation of Safety Differen...

### **Doing Safety Differently - YouTube**

Letting Go of Safety, Differently. Criticisms of the work of Robert Long and the Social Psychology of Risk (and "Safety Differently"), by people obviously frustrated with orthodox safety (Safety 1), include that it is: too "fluffy"; too academic; doesn't come with a step by step ... ### **Safety Differently Archives - Safety Risk .net**

Safety differently is a story of hope; of rediscovering ways to trust and empower people, and of reinvigorating the humanity and dignity of actual work. Safety Differently is a new philosophy to empower people at work by relying on their expertise, insights and the dignity of work to improve safety and efficiency.

### **How to 'Safety Differently' - SAFETY4SEA**

Safety Differently A growing belief is that industry is currently suffering from compliance overload and needs an alternative Health & Safety solution. Efforts that in the past that have been highly successful in reducing injury rates appear to be now inhibiting us of further progress in our current fast-changing, globalised & technology driven world.

### **Safety Differently - Upstream**

Safety Differently. Safety Differently flips traditional thinking on its head and encourages organisations to grow safety from the bottom, up - rather than impose it from the top, down. People are not the problem to control, they are the solution.

### **SAFETY DIFFERENTLY | Pillar Consulting**

If you've been paying attention to the safety and health world lately, you may know about "Safety Differently." For example, there's a safety differently website devoted to the topic. In addition, the plenary topic at the recent ASSE Safety 2017 conference contrasted behavior-based safety with human and organizational performance (HOP), which has a lot in common with Safety Differently.
