Startrite Pillar Drill Manual

Unlike the drills from many competitors, the Startrite had a proper spring-loaded oil seal at the bottom of the quill While it appears that all versions of the Mercury pillar models used a 60-inch long, 2-75-inch diameter ground-finished steel tube, the Speedway had the option of a heavy-duty, pedestal base in cast iron with two T-slots, a shortened tube being socketed into it - this ...

Startrite Saw Spares and Handbooks | Sharktooling | Spare ...

OK(ish) but pretty low end as industrial pillar drills go. In my view more of a woodworkers machine. Adequately solid but too fast on the speeds and short on daylight under the head for a machine shop. Convinced me I could do better than Startrite for a drill, (now saws are a different matter). Clive
